

Themakaart toekomstverwachting

This map illustrates the future expectations for greenery in a residential area. It shows a network of streets including Boulenpad, Van Schendelstraat, Helper Westsingel, Van Iddekingeweg, and others. Green circular markers with numbers are placed along the streets and in open areas, indicating planned tree locations. The map also shows building footprints, water bodies, and other urban features. The title 'Themakaart toekomstverwachting' is prominently displayed at the top left.
